

CITB SITE SAFETY PLUS

SITE SUPERVISION SAFETY TRAINING
SCHEME (SSSTS)

CITB Site Safety Plus Site Supervision Safety Training Scheme (SSSTS)

Location

London & Birmingham classroom based: £245.00
Online: £199.00

Course Overview

This comprehensive two-day Site Supervision Safety Training Scheme (SSSTS) course is designed for individuals who currently hold supervisory responsibilities or are on the verge of acquiring such roles.

This course is an ideal foundation for gaining a basic understanding of Health & Safety duties and responsibilities for junior management, and encompasses a wide range of topics, including all relevant legislation and factors that impact safe operations in the building, construction, and civil engineering industries.

It prominently emphasises the significance of risk assessment within the workplace, the execution of essential control measures, and the need for effective communication to foster a culture of health and safety among the workforce.

Who is this course for

If you have, or are about to acquire supervisory responsibilities

Course Content

On completion of this course you will have an understanding of:

- Health and safety law and how it applies to supervisors
- Your supervisory responsibilities in controlling site safely
- Risk assessments and the need for method statements
- Effective site inductions, toolbox talks and method statement briefings
- Monitoring site activities effectively

- Timely intervention when bad practice is identified

Certification for this course has a 5-year validity period. To maintain your certification in this field, it's necessary to undergo a course refresher before the expiration date.

Assessment / Examinations

To successfully achieve this course delegates must pass both the multiple choice exam paper at the end of the course and the trainer review.

Entry Requirements

Delegates should hold, or be about to hold, the role of a supervisor. Delegates must be competent in English at site supervisor level

Duration

2 days - delegates are required to complete the full course (15 hours) to be eligible for certification

Progression

A natural progression from this course would be to attend the Site Management Safety Training Scheme (SMSTS) course.
